THERE were two votes cast for the greenback state ticket at Macon—the only ones cast in the county.

Tin Herald has a good deal to say about a "black list" that was alleged to exist here during the war. Probably the young man remembers something about such a thing; we never heard of it before.

THE enthusiastic Democrats who are already naming presidents and vice presidents for 1884, ought to remember that the next election is two years off yet, and before it comes off a Democratic house of representatives will have held its first session, "with all that that implies."

And still we are without any election returns from Logan county, official or otherwise, on which to base a calculation as to the majorities for our legislative ticket. It is only known that Rogers, Crocker and Foster have carried both counties and are therefore elected.

THE defeat of Col. Marsh in the Eleventh district by Wm. H. Neece, a second rate lawyer of Hancock county, is mainly attributable to the bitter fight made for the nomination, the effects of which could not be healed. It was in all respects the most bitterly contested fight in the midnight when Humphreys' brass band

It looks now as if Illinois is the a legislature that will elect a Republican to the United States senate. It nors Republicans succeeded in saving something from the wreck.

A coop many Republican counties in Illinois suffered Democratic county officers to be elected on Tuesday, but there were others in which the tables were turned the other way. In the Democratic county of Edgar the Republicans made a clean sweep, elect ing their whole ticket. In Clark and Marion both Democratic heretofore

It is a curious fact that of the Republican congressmen from the wistern states who were defeated for to electron, about all of them hap was a careful one, the result is as pened to be those who yoled for the follows: river and harbor bill Some few Sixty five counties, including Cook, who supported that measure man endence is that not a single Demo cratic congressman from the western states who supported the river and to support a questionable measure, was elected as an Independent, will his Democratic colleague can do so be elected. It looks to me now that Gen. Sherman will be the next President. The Republicans will be compelled to take such a man probably elected. as Sherman, the only man I know of that stalwarts, bulf-breeds, reformers, and civil service gentlemen can all unite on, a so dier, a statesman, prompt and ready for

Business men who are seeking out many inventions in the way of advertising, will do well to remember that an imitation of the greenback note of any denomination has been declared to be illegal by the Treasury Department. Some of these adverink on the back, and when folded look exactly like a genuine greenback note of the denomination indicated by the figure. This is a violation of the United States statute upon the subject, even though no attempt be made to counterfeit the face of the bill. It is a punishable offense to counterfeit the back of a genuine Government treasury note.

Increase of Theaters.

If we look back two generations we find only three or four buildings devoted to amusements in New York City, with an average attendance per First district—R. W. Dunham, R. night that could hardly have exceeded 1,500 persons. During the last season in that city some fifty different entertainments have been patron ized by a nightly attendance of from 5,000 to 30,000 people. Throughout the whole United States it is safe to say that 500 amusement attractions are usually presented to the public every day of the season, with an average patronage of about 400 persons each. This calculation gives us an amusement-going public of 200.000 individuals a day. As the theatrical season generally covers 300 performances to each house, the average annual attendance at the various halls and theaters throughout the country probably ranges from

50,000,000 to 80,000,000. Ir looks now as if Grover Cleveland has been elected governor of New York by the largest majority ever cast for the candidate of any party in any state. The largest majority on record was given in 1863 Brough for governor, which was 101,000. Brough was a war Demo-crat, nominated and supported by the Republicans, and C. L. Vallandigham was his Democratic opponent. Vallandigham was a "copperhead" and a rebel sympathizer to such an extent that General Burnside ordered him sent south through the lines to his friends, and thence he escaped to Canada, where he "watched and waited over the border," while the Democrats of Ohio voted for him for governor.

MR. BANCROFT, the historian, rises at 5 o'clock in the morning. His breakfast is a light one, usually consisting of a cup of chocolate, some fruit, an egg and a roll. He eats nothing more until dinner, which is always a substantial meal. Few men, he believes, can perform good brain work with a full stomach. He spends the morning dietating to his secretaries, and revising the work of the preceding day. From 1 until 2:30 he receives visitors. The latter part of the afternoon he spends in the saddle, riding from twenty to thirty-five miles, and managing his steed, mounting and alighting with the agility of a young man, although he completed his 32d year more than a month ago.

Miss Charlotte 'Thompson appeared during the week in her old role in a new version of Miss Bronte's novel. Special attention is called to the now all-rail Illinois Central route to Jacksonville, passing through Iowa, Illinois, Kentucky, Tennessee, Mississippi, Lomisiana, Alabama, Georgia and Florida, with stop-over privilege at New Orleans going and returning. We propose making this special excursion especially desirable for pleasure-seekers and those who, on account of feeble health need special care. Smith and Strattan Elected and the Legislature Republican.

RETURNS FROM OTHER STATES.

Springfield, Nov. 10-2 p. m. Our latest information is that Gen. John C. Smith will have about 10, 000 majority for state treasurer. Strattan, for superintendent, runs somewhat behind Smith, but it is thought he is also safe, though by a considerably less majority. The legislature is certainly Republican on joint ballot. Of the disputed congressional districts, Marsh is defeated in the eleventh and Lewis in the by the people of Ohio for John tenth—the latter running behind some 500 votes in his own (Knox) county. Thomas, in the twentieth (Cairo) district, pulls through by about 300 majority. CHICAGO, Nov. 9 .- The returns on state legislature show that the sen-

The Congressional Republicans, a gain of 4 Democrats. and the Republican candidates, with two or three exceptions, are elected | defeated by Raab, D. in this county by from 30 to 800 ma jority. Ayers, Judge of the Circuit Court, and Norton, Judge of the son, will appear at the opera house to- Criminal Court, both Democrats, are, however, elected.

Indianapolis, Ind., Nov. 9 .- Further official returns received by the Republicans to-day reduce English's najority in Hancock county to 32. This will increase Peelle's majority for Congress to St. The Democratic Committee still claim that English will have 90 majority when the official returns are completed. Addifrom that in last night's dispatches.

Indianapolis, Ind., Nov. 9.-- J. W. Barnes, proprietor of the Shelbyville Volunteer, was fired at last night, and shot in the back by an assassin The bullet has not yet been extracted, and the wound is considered dan gerous. Barnes' paper opposed the regular Democratic county ticket, and the ringsters. Shelby county, 8.5.50 heretofore reliably Democratic, went Republican on Tuesday, thereby ousting the ring. Barnes' assassin-

> DENVER, Col., Nov. 0. - Arapahoe county, including Denver, gives Grant, Democrat, for governor, 2, 200 majority, and Wallace, Democratic congressman, 510 majority The indications are that Grant's ma jority in the state will be 2,500, and Belford, Republican, for congress, elected by a small majority of 200 or 300. The remainder of the state ticket, including the lieutenant governor, is undoubtedly Republican. The Republicans also have a majority of the legislature.

Memphis, Tenn., Nov. 9.—General James R. Chalmers, Independent Democratic candidate for congress in the second Mississigpi district, opposing Van H. Manning, Democratic nominee, is in the city. In an interview he asserts that buildozing was practiced in Tallahatchie county, where the election was prevented from being held under the pretense to him 200 votes. In the last house it was: Democrate, 13; Republicans, ncluding Hyatt Smith, Independent Republican, 20.

Dubuque, Iowa, Nov. 9.—The general result of the elections remains unchanged. Henderson's election to Congress is claimed by 1,000 to 1,200 majority. The remainder of the ticket is Democratic. The friends of Bagg are as well pleased as the Democrats at the election of Couch over Powers to the judicial bench. The Republicans beat themselves.

OTTAWA, Ill., Nov. 9.-Cullen's (Republican) majority in the Eighth district is about 200. OMAHA, Nov. 9 .- Returns show the

election of Daws, Rep., for Governor, and the rest of the state ticket by 12,000, except for treasurer and Gere for Regent.

In response to an inquiry of the press, the Secretary said he was not yet prepared to say when he would issue another call for bonds. He has directed Assistant Treasurer Acton, at New York, to redeem any of the United States bonds which have been called in for redemption at the

rate of \$5,000,000 per week. Gold Watch Presentation. A party of Wabash men-Lew Hart, Frank Anderson, Frank Bloom, John De Coursey, William Silabee and Charles Corneau-together with a REPUBLICAN reporter, met at the Silsbee home last night and proceeded in a body to the residence of Worth Bradley, on East North street, it being a surprise vis-

itation. The object of the visit was to present Mrs. Worth Bradley with a \$125 gold watch, as a testimonial of the esteem in which she is held by the Wabash boys, who believe she should have received the watch voted away at the recent camp fire festival. The presentation speech was made by Mr. Corneau, and was responded to in fitting words by the

THE SO-called "McKee-Rankin Combination" attempted to perpetrate "The Resolved, That the Supt. of Streets be Danites" at the opera house, and fortunistructed to boulder the gutter on the south side of Wood street, from Main St. west to the culvert. Same ref. nately there was a very small audience famous mountain play by a cheap-hotelhunting party of theatrical "hams." The party was made up in St. Louis less than a week ago and started out as a fraud by advertising itself as the "Mr. and Mrs. McKec-Rankin Combination," in this way hoping to fill the theatres by deceiving the people. But the press and people here dropped on the game two days before the performance, and consequently there were less than 150 people in the hall last night. Such a company should be hissed off the stage, or never attempt to play in towns larger than Wykle's Resolved, That the street supervisor be instructed to lay a 30-inch plank walk on the east side of Water street, between cities are warned not to give this St. Louis suap any sort of encouragement. The sooner it is starved off the stage the better. The picked-up performers should return to their old occupation of mauling rails and dish-washing. Manager Haines this city. notified the people two days ahead that the company was not first-class.
